President's Report

United We Stand!!

For me, it is an honor and privilege to work for and represent the members of Branch 11 of the NALC. Over the past 12 years as President, I have picked up a few more responsibilities in the labor movement: National Trustee, Chicago Federation of Labor Executive Board, CBTU national delegate and local political director, but none is more important than my "day job!" **The decisions I make everyday is always viewed through the lens of what is in the best interest of letter carriers,** and more specifically, the members of Branch 11. Surely, we have done a lot of good things over my tenure, but it would not have been possible without the support of the members of Branch 11. I've also been fortunate (and smart enough) to surround myself with the best talent our Branch has to offer. Over the years, I have worked with some good officers and stewards in Branch 11. So, **I commend and congratulate all the Officers of Branch 11 who were re-elected by acclamation at our October meeting.**

Again, none of the success would have been possible without the membership. That is the one positive I take out of this latest election. I see it as an opportunity for the members to affirm the work and the representation that I have provided. **Many told me over the course of the election that I had nothing to worry about, and quite few viewed the political exercise as a waste of time and Branch resources (estimated $20,000 election cost.)** While some thought this was a joke; I have learned you must take every election seriously. That is how Donald Trump became President, no one took him seriously. When that happens, the vocal minority then makes decisions for the silent majority. Remember, no matter how well things are going we will always have the nay-sayers and boo-birds who will find fault with anything that we do. So, it is important to speak up and get involved. They shouldn't be the most vocal people in a meeting, because they can never tell when people are laughing at them and not with them. I'm sure if more had voted, the results would have been even more lopsided.

Even with the lopsided results, the one thing that stood out above all was all the members who did not vote. You can't "support" someone if you don't vote. *Voting* is support. So, I must thank each and every member who took the time to vote. **That is real appreciation that can be seen and counted; and on November 20th, it was the only thing that really mattered.** So as we go into 2022 and the mid-term elections, we can't take anything for granted. If we believe the vocal minority, they will tell you that President Biden is doing a terrible job, when the truth is he is doing more for working families, minorities, and the labor movement than the new Republican party will ever do. They are now the party of Trump, and they will be fighting hard to turn back the clock!!

Aside from the election to my fifth term as President, I was most proud of the fact **that our members would not allow management to come between us**. Oddly enough, I mentioned that in my last article: "…..I urge you not to allow management to divide you." And of course, that is what they attempted to do during this last election. The late start times and the pettiness of having you take personal pictures off your case. It was all designed for you to get "pissed" off at your union leadership. It's amazing how they always sell letter carriers short when it comes to intelligence. They actually thought that you would "cut off your nose to spite your face." They are the ones who are not pleased with the way we have confronted them about staffing and the undelivered mail. We provide daily reports to Congress and headquarters about the many failures in the Chicago Post Office. Especially the recent Postal Hearing hearing Chicago, and needless to say that did not go well for them. **Out of all of this chaos we remained unified**! And if we always do that we will continue to prevail, and we will improve the service. Because no matter how effective your union is, we can't do it without you!!

OPEN SEASON- As this month's edition goes to print or is posted online, we head into the final days of open season, for your Health Plans and Dental and Vision (BENEFEDS). Of course, the best option for letter carriers is the NALC HEALTH BENEFIT PLANS. The NALC have options and we got you covered! **This month's Postal Record will also have information on the Disability Plan that is now being offered through the Mutual Benefits Association, that is the Life Insurance Company of the NALC.** The MBA offered disability years ago, and now it is back. Take a look at the plans offered by the MBA and make it a point to become a member in the coming year. Everything from annuity to life insurance to disability- the NALC Life Insurance Company have us covered too!

START TIMES- As I mentioned earlier, the start times have been restored for now, but we do expect management to once again attempt to move to later start times. Every time someone in management talks about late start times it is a telltale sign they don't know what the hell their doing. All of them talk like they are the smartest people in the room, but you can tell they don't know spit about customer service. It is, and always has been, a line in the sand for me. **Late start times is a clear indication that the Postal Service is not working with your union, and they don't give a damn about you!** Many carriers in the city are starting as early as 5:30 now, delivering parcels then the mail. It's not like there is nothing for us to do when we continue to have undelivered mail in the city. It's just a bad idea and it's one our National Union is confronting as well.

Recap and Coming Events- Congrats to all our new Gold Card members. Unfortunately, because of the pandemic, the retirement dinner was scaled back, but we were able honor all the new inductees and those with over 50 years who were in attendance. Moving forward, we plan to honor all retirees with pins at our monthly Branch meetings. They will not have to wait until the annual retirement dinner to be honored. Just contact our Recording Secretary Yolanda Cavett prior to the monthly branch meeting. **The installation of Officers for the 2022-2024 term will take place at our January 13th meeting**. All members will get credit for that meeting whether in attendance or not. It will still be streamed via Zoom, so you can catch the installation at home if you choose. At that time, we will also swear in our union stewards who are in place at that time. So, while I give a special thanks to all the Officers, Stewards and members of Branch 11 who contributed in getting us through a hectic year, we know we have more work ahead of us. In 2022, Branch 11 will host the National Convention, which will take place at McCormick Place August 7th-12th. Plans are falling into place…. Get involved Branch 11….let's do this!!! **And hopefully 2022 will give us some answers: Kierra Coles- we have not forgotten!!! As always, in Truth…..And Solidarity**

Mack I. Julion

President

I wish all a Merry Christmas, A Happy Hanukah, A Joyous Kwanzaa and a Prosperous New Year….. Feliz Navidad!!

From the Desk of the
Vice-President

Sweet Home Chicago

The Convention Call is out and *Chicago*…..yes, I said *Chicago*, will host the 72nd biennial convention. **Sweet Home Chicago!** It will be at the McCormick Place West and we can't wait to welcome the delegates of the NALC and show them a great time while here in our city. **We are looking for volunteers who will be willing to help and assist the branch during the convention. If you are willing, please contact me here at the branch office @ 773-624-4209 to sign up**. As we close out 2021, I would like to congratulate President Mack Julion on his re-election to a fifth term as President of Branch 11, Chicago. Thank you to all the union members who participated in the election process. We ALL have a right to vote in this country, but there are those who don't want us to be involved in the political process to vote. The 19th Amendment was passed on June 4, 1919, and ratified on August 20, 1920. It gave WOMEN the right to vote! We have come a long way. Ladies, can you imagine not having the right to vote today? I take voting seriously and I don't take it for granted because I know the history. I make sure I vote in every election, because my vote matters and I want it to be counted, including in the workplace.

The NALC membership has spoken in this election, and we need to get back to business of protecting the rights of letter carriers.

Also, congratulations to the officers who were elected by acclamation on October 14, 2021. We look forward to working with everyone in 2022 to move our agenda forward. I want to invite all members to invest in the LCPF (Letter Carrier Political Fund). This is job security, and everyone should get involved. The need is now as we continue to fight for legislation to protect OUR JOBS! **Our jobs are definitely worth $5.00**. I would like to take this opportunity to wish everyone a safe and Happy Holiday season and a prosperous 2022 New Year!

In Solidarity,
Elise M. Foster

From the desk of the RECORDING SECRETARY

Hopefully, everyone is in good health and great spirits! I am anxious to express my gratitude to the members of Branch 11 for reelecting the officers of The Action Slate to serve as your union representatives again. **I humbly consider having unwavering support by the majority of the branch exhilarating.** With Branch 11's recent election conducted by mail per Branch 11 ByLaws, Article V Section 4, the process of the ballots mailed to the addresses on file shined a light on the fact that there were members with outdated contact information listed on the NALC national roster. I previously made this request in my December 2020 Branch Article. However, it has become apparent that it is not too soon to make this request again. **Please understand, if you do not receive the monthly Postal Record publication where you presently reside, we have the wrong address on file for you.** To update, please do one of the following: alert your steward when they are completing their station roster twice a year, call the hall at (773) 624-4209, email yca-vett@nalcbr11.org, make changes directly on the national NALC app, or call Headquarters Office at (202) 393-4695 to update your address &/or phone number. Also, it is not a bad idea to update your death benefit card too if your life situation has changed. For close to 2 years, we've been continuously working through the COVID-19 pandemic along with all of its variants &/or strands. Please continue to remain encouraged and do all you must to keep yourselves safe and healthy against the virus &/or other work hazards. **Salutations to you and your families for steadfast strength, a Merry Christmas, and an amazingly blessed 2022!**

In Fellowship,
Yolanda R. Gipson

From the Desk of the OWCP REPRESENTATIVE

Staying Safe in an *Unsafe* Environment

We're still feeling our way through this Covid mess, and it's gotten old very fast. Covid fatigue is a real thing. It's caused many to let their guard down and revert to business as usual a little too soon (in my opinion). I'm not sure we're ready for normal yet. **People are still getting sick and as I'm writing this, there have been reports of increased Covid infections throughout our area.** I'm suggesting that we continue to follow the safety measures that have been put in place, starting with obtaining a vaccine. I think it's our best protection to stay healthy. Right now, it's recommended that you may not need to quarantine when exposed if you've been vaccinated and not experiencing symptoms. This is from the CDC last updated on October 19, 2021:

"Quarantine if you have been in close contact (within 6 feet of someone for a cumulative total of 15 minutes or more over a 24-hour period) with someone who has COVID-19, unless you have been fully vaccinated. People who are fully vaccinated do NOT need to quarantine after contact with someone who had COVID-19 unless they have symptoms. However, fully vaccinated people should get tested 5-7 days after their exposure, even if they don't have symptoms and wear a mask indoors in public for 14 days following exposure or until their test result is negative."

This is a good incentive to get your shots because you may have heard by now the government benefits provided in the American Rescue Plan Act of 2021 have expired. Well, that's not entirely true and I'll go more into that further down the page. As far as extra pay to get your vaccination or pay for childcare and time to seek a diagnosis, that expired on September 30, 2021. Not sure if it's the last we'll see of Covid Leave but for now we're on our own. That is unless you get infected with Covid from work exposure. That American Rescue Plan Act gave us more (*and better*) benefits than Covid leave. According to Sec. 4016:

"certain federal employees shall, with respect to any claim for workers' compensation benefits, be deemed to have an injury proximately caused by exposure to COVID-19 arising out of the nature of the employee's employment. Such an employee, or a beneficiary of such an employee, shall be entitled to benefits for such claim, including disability compensation, medical services, and survivor benefits.

A covered employee is an individual who

is employed in federal service at any time during the period beginning on January 27, 2020, and ending on January 27, 2023;

is diagnosed with COVID-19 during such period;

and during a period prior to such diagnosis, carries out duties that require contact with patients, members of the public, or coworkers, or include a risk of exposure to COVID-19."

What this means is that you can file an OWCP claim if you contract the virus at work and it will be treated as a traumatic injury which entitles you to Continuation Of Pay (COP). That's an awesome benefit alone but there's more. If you've ever filed an OWCP claim before you'd know it's easier said than done to get approved but with this law in place, the most difficult elements to prove are basically waived through January 27, 2023. This benefit is retroactive from January 27, 2020, too so if you've been infected from work exposure and have not filed a claim, contact me right away**. Lastly, on an unrelated note, thank you for voting in the branch election if you did. Congratulations to President Mack I. Julion for his decisive reelection**. We have a lot of work to do ahead, and I'm privileged to serve alongside President Julion. Best holiday wishes to your family from mine**.**

In Solidarity,
Ronny Morgan

WE'VE BEEN TAKING CARE OF YOUR INJURIES FOR OVER A DECADE

YOUR RIGHT is to seek care from a physician of your own choosing for your job injury.

FREE Initial consultation to you for any service or treatment pertaining to the OWCP program.

Medical Forms for Worker's Compensation & OWCP, will be expedited by our friendly & efficient office staff as necessary.

Rehabilitation program is directed and supervised by clinical and administrative team with over 50 years of combined experience serving patients with on-the-job injuries.

Doctor and staff are knowledgeable in regards to diagnosis and treatment process, and narrative reporting.

Impairment Rating can be performed when necessary.

TREATMENT PLAN & SERVICES

Avoid going to the wrong doctor who may not know how to evaluate you or not know how to prepare reports for your case manager. **I** injured, go to ER, then call us for follow up.

Avoid unnecessary paper work complications. Delays and denials can cause rejection of your case.

Get the proper care you need from day 1. Our team is standing by.

Summit is a fully-equipped physical therapy and rehabilitation center. Services provided include: Ultrasound, Electrical stimulation, Manual therapy, Laser, Iontophoresis, Mobilization, Paraffin wax, therapy, Taping, Work conditioning, Work hardening, Functional Capacity Evaluation and More.

Health Benefit Representative

OPEN SEASON IS HERE

Greetings Brothers and Sisters, Happy Holidays and Season's greetings, I hope this letter finds you in good health and spirits**. I want to start by saying congratulations to my fellow officers that have been re-elected by acclamation for the 2022-2024 term and an extra special congratulations to President Mack I Julion**. During this election, despite all the untruths and smear campaigning, you exhibited honor and integrity, which exemplifies a true leader. I look forward to seeing what great things will be accomplished in the years to come. It's still open season!!!! You should take this opportunity to make any changes to your health benefit plan. If you haven't signed up for any health insurance, this is your chance to enroll in the best insurance plan there is, the NALC Health Benefit Plan. It is made for letter carriers by letter carriers. **The NALC Health Benefit Plan is the letter carrier's best choice for health insurance.** It has been a part of the Federal Program since 1960 and has three plan options that offer first rate benefits and health programs to save you money along with promoting a healthy lifestyle. The beginning of the year is a great time to schedule an appointment for your yearly check-up. Preventative care is covered at 100% no matter what plan option you choose. This job is physically and mentally strenuous. With winter approaching, we must take the necessary steps in remaining healthy. For more information, you can contact a customer service representative at 888-636-NALC (6252), or access information on our website at NALCHBP.ORG. To enroll into a dental and/or vision plan, go to www.benefeds.com. Enjoy the Holidays, Stay healthy and safe!!!!

In Solidarity,
Dominique O. White

Enasia Crowder of Loop Station was the winner of the barrel of booze. She is pictured with her stewards James Williams and Derek Sykes.

David Young, shop steward of Norwood Park Station was the winner of the 55" television for MDA.

From the desk of
TRUSTEE

Separating Union time from Family Time

The life of a union representative can have many demands. It's a position that requires continuous learning, going to meetings, advising members of their rights, and visiting stations to hear the members' thought and ideas to improve working conditions. Obtaining this information is critical and we take it very seriously. **The time spent can lead to being away from loved ones, especially during the holidays and special occasions. It takes a truly understanding spouse and family to be completely on board.** They did not ask for this, they were dragged into our world. Some understand, others not so much. It can take a toll on your family and sometimes on you. I just want to personally thank everyone who puts up with our passion and is understanding of this important job.

In Solidarity,
Roberto Fuentes

PEAK Physical Medicine
PERFORMANCE
HEALTH CARE

"I'm doing a lot better now and I don't have the severe pain that I had when I first came here. Everything is working pretty good now. I got a lot of help with my paperwork and all the forms. "
- Ronnie J, USPS employee for 16 years

"10/10 the staff went above and beyond. Got me in the same day. They wrote a report which got my case accepted!"
